

BREAKING NEWS:

“President Obama’s budget will bind states to Common Core Standards to nationalize education.”

What are Republicans doing to stop Obama & Common Core?

- ✓ The Republican National Committee *unanimously passed* a resolution denouncing President Obama for circumventing Congress and using Stimulus money and federal grants to coerce states into adopting Common Core education standards, assessments and associated federal education reforms.

- ✓ The Utah GOP passed a resolution opposing Common Core last year at Convention that was endorsed by Utah Congressman Chaffetz.

- ✓ The US House and Senate have issued resolutions opposing Common Core, signed by Utah's Congressmen Bishop, Chaffetz, Stewart, and Senator Lee.

*Resolutions are important, but they won't stop President Obama.
So, what's the next step for Utah?*

RESTORE LOCAL EDUCATION CONTROL NOW:

WHAT YOU SHOULD KNOW:

- Utah's State School Board has changed Common Core's name to Utah Core. This is a smokescreen being used by several state boards around the country to avoid political backlash. Utah's State Superintendent, Martell Menlove is on record stating that we have adopted Common Core.

WHAT YOU CAN DO:

- **Sign the petition** at: www.UtahnsAgainstCommonCore.com to send a message to Utah's leaders
- **Opt-Out**, and tell your friends to Opt-Out, of Common Core testing (called SAGE). Get the Opt-Out form at: <http://www.utahnsagainstcommoncore.com/action-list/opt-out-forms/>
- **Help elect State Senators, Representatives, & state & local school board members** that will help produce legislation to restore what dozens of Republican organizations are calling for—locally controlled standards and assessments, and parental control over student and family data.
